

Thank you very much! I am honored and humbled to receive the Sharon Keillor Award for Women in Engineering Education. A special thanks goes to our president Stephanie Adams and the entire Board of Directors for their leadership of ASEE over the past year. You have met the challenges with grace and dignity. Thank you to Kristen Constant who nominated me for this recognition, to all those who supported my nomination, and the award committee for their dedication and hard work. My passion and commitment to educating and mentoring engineering students, faculty and staff has been motivated by my mentors and role models. There are many who have had an impact on my life, but a special thanks goes to Sidney Burrus, Nino Masnari, Sherra Kearns, Leah Jamieson, and Karan Watson. Finally, my love and gratitude goes to my family – my husband Jim Aanstoos, my daughters Kristen and Stephanie, and my parents and sisters.
